

LABORATORY

AG Professional Series Precision

Leading edge weighing experience. Its die-cast metal housing guarantees durability and long operating life. Equipped with automatic internal calibration mechanism that keeps the scale calibrated at all times.

- ▶ Automatic Internal Calibration
- ▶ 12 Configurable Weighing Modes and 9 Weighing Units
- ▶ Robust die-cast metal housing
- ▶ Transfer weighing data to a PC or printer via USB
- ▶ Intuitive Graphical LCD Display
- ▶ Legal for Trade Models available

MODEL	AG100	AG200	AG300	AG500	AG1000	AG2000	AG3000	AG4000
Capacity	100g	200g	300g	500g	1000g	2000g	3000g	4000g
Readability (d)	0.001g				0.01g			
Repeatability (Standard Deviation)	0.001g				0.01g			
Linearity	+/-0.002g				+/-0.02g			
Stabilization time (typical)	Approx. 3 sec				Approx. 3 sec			
Accuracy Class	I							
Calibration	Automatic Internal							
Pan Dimension	120mm (4.7 in)				165mm (6.5 in) x 165mm (6.5 in)			
Draft Shield	Optional				Not Available			
Scale Dimension	216mm (8.5 in) x 345mm (13.6 in) x 90mm (3.5 in)							
PS2 Port	Standard							
RS232 Port	Bidirectional							
USB	Standard							
Application Modes	Weighing, Parts Counting, Animal Weighing, Check Weighing, Display Hold, Percent Weighing, Totalizing, Check Counting, Compounding, Statistics, SQC Quality Control, 512 KB Library Bank							
Weighing Units	Grams, Milligrams, Kilograms, Carats, Pounds, Newton, Grains, Ounces Troy, Pennyweight							
Warranty	24 months							
ACCESSORIES								
301050	Barcode Scanner			301074	Dust Cover			
301052	PS2 Keyboard			301086	Draft Shield (AG100 - AG500)			
301058	RS232 PC Cable			301095	Printer Paper for TP-2			
301059	Printer Paper for TP-1			301096	TP-2 Thermal Printer			
301060	TP-1/RXP-4 Thermal Printer
